Housing

Residential students will live in Eaton and Mahoney Residential College on the Coral Gables campus. The residential team resides among the students.

Students are roomed together by program and assigned to floors/wings by gender. Roommates are selected by lottery, based on academic specialty **and roommate surveys completed and submitted by June 9**. The Pre-College Program strives to match each resident with compatible roommates and living/learning environments. We work to keep students matched within their same academic specialty to the best of our ability. However, factors such as the number of participants per program and gender breakdown do create some limitations. Complete the roommate matching survey [here](#).

Rooms

Rooms in the residence hall are furnished with an extra-long twin bed, one dresser, closet, desk, and chair for each student. Rooms are double occupancy.

While basic bedding/linens and towels are provided, it is recommended to bring your bedding and towels. The beds are extra-long twin size or XL, and the mattress dimensions are 80 x 36 in.

Each suite has two double occupancy rooms in semi-suites connected by a shared bathroom – shared by the same gender. Students are responsible for cleaning their own room and bathroom for the duration of the program.

Rooms are equipped with air conditioning and wireless internet access. Computers are not provided in the rooms/residential hall; and students are **strongly encouraged** to bring their own computer. Please note, textbooks will be provided in a digital format. If you do not have a computer available to you, please contact the program office for on-campus resources that may be available to you.

Laundry Facilities

Community laundry rooms are available in the Residential Colleges. All laundry is free for residents. Students need to provide their own detergent and supplies. Students must complete their laundry by 9:30 p.m. before curfew.

Security

The residential hall front doors are locked from 10 p.m. to 7 a.m. The front desk is staffed 24 hours a day, seven days a week. The front desk in the lobby is staffed by UM Residential Life Security from 10 p.m. to 7 a.m. The residential buildings are locked at all times. Students access their residential building and room with a conference housing access card.

Conference Housing Access Card

Residential students will be issued a room access card at check-in. Once the student has signed for their access card they are responsible for it. If an access card is lost, the student must notify the front desk

immediately, so that it can be deactivated to prevent unauthorized use and a new card will be re-issued. Please note there is a \$75 fee for lost access cards.

Additional Housing Fees

Additional fees incurred during the Summer Scholars Program/UM Academies will be charged to the student's *CaneLink* account. Please be aware that due to the nature of the reconciliation process, housing fees may not appear on your student account until September **after the program has concluded**.

Lockouts: Students who are locked out of their room will incur a charge of \$25 for each lockout.*

Unreturned Room Keys: Students who misplace their room key during the program or do not return them to the housing department upon checkout will incur a charge of \$75 for each key.*

Room Cleaning Charge: Housekeeping of individual spaces is not included. Students are responsible for keeping their spaces reasonably clean and tidy during their stay. Charges* may apply for excessive cleaning after the stay if deemed necessary. If individual responsibility for damages cannot be determined, the guests assigned to the damaged room will be assessed equally.

Item removal charge: A fee of \$100 per item* will be assessed for any belongings left behind at the conclusion of the program. If individual responsibility for item ownership cannot be determined, the guests assigned to the room where items are left behind will be assessed equally.

*The Housing Department determines fees and are subject to change without notice.

Between the hours of 7 p.m. and 9:30 p.m., students who wish to leave the residential hall must sign out and sign back in by 9:30 p.m. While checked out, students must have 1 or more individuals (student or CA) with them at any time. The buddy system is a requirement for the 7-9:30 p.m. time frame.

When ordering food for delivery, students are financially responsible for their food delivery order. Food must be scheduled to arrive before 9:30 p.m. at the residence hall and students must retrieve their own food order. Staff members will not be permitted to collect or deliver students' food orders. Student Responsibilities, Rules and Policies

Our expectations of student conduct are outlined in the *Student Responsibilities, Rules and Policies* which must be reviewed and signed by students and parents.

Program policies promote a positive and inclusive academic and social experience, encourage consistent ethical behavior among students, and protect the academic integrity of the University. All students participating in the Pre-College Program are expected to conduct themselves accordingly and will be held responsible for violations to University and program policies.

If a student's behavior is deemed to negatively impact the community or if University or program policies are violated, parents will be contacted and the student disciplined accordingly to include dismissal from the program at the parents/guardians expense – program tuition and fees will not be refunded and academic credit will not be awarded. University and program policies have been created to ensure student safety and well-being.

All program participants will have a minimum of one Community Assistant (CA) who will live on the floor with program participants. Our Community Assistants are current University of Miami students who are there to assist with the adjustment to campus, the enforcement of policies, foster community, and assist with students with their pre-college experience. Community Assistants serve as a role model and a resource for all students. Community Assistants will also assist with any potential student conflict and will involve the supervising Assistant Area Director, Area Director, and Program Leadership as needed.

'Cane Card

The University of Miami provides each student with one identification card. The 'Cane card gives students access to buildings such as the residential hall (residential students), classrooms, Otto G. Richter library, computer laboratories, and the Wellness Center (gym).

Students will receive instructions sent to their University of Miami email address and the email address on their program application on uploading a picture for their 'Cane Card. Please follow the instructions carefully according to the deadlines to ensure your 'Cane Card will be printed and available at student check-in. **Please note, you must present a photo ID (i.e.: driver's license, school ID) to receive your 'Cane Card.**

Report lost or stolen cards immediately, so they can be deactivated to prevent unauthorized use.

- ❖ The Cane Card is required to be carried at all times and students must be prepared to show it if asked by a University official. Refusal to show proper ID when requested violates University policy.
